TERMS AND CONDITIONS

The commencement of the 2-hour package is from no later than 15 minutes from the start of the booking and may be cut short if subsequent bookings have been allocated and guests are significantly late. It is the responsibility of the booking customer to arrive on time.

Drinks may not be shared between tables.

All food is separate to drinks package.

All members of the group or table must participate in the package.

Participants may in some circumstances be required to vacate tables immediately after the end of their package.

Drinks are limited to the two-hour period of the package. At the end of the period participants may have the remaining drinks in their glasses but should finish with empty jugs. The quantity of jugs given to tables is decided by staff to reflect this.

Non-inclusive drink options may be purchased separately off the menu.

Drinks are standardised to one standard drink per glass equivalent to 10 grams of alcohol.

Staff may limit drinks based on the Responsible Service of Alcohol guidelines, especially in the case of intoxicated persons. In the event of disruptive behaviour participants will have the remainder of their package forfeited at staff discretion.

Terms and conditions are subject to change without notice.
